

Jute Bags Hydraulic Bale Press

Jute Bags Hydraulic Bale Press complete with all standard components and standard accessories with motor, will be as per following technical specification. Please be informed that this is tailor made hydraulic press to suit your requirement criteria. Bale press is meddled with unique design evolved many years.

Areas of Application

Bale Printed / Ready Jute Bags

Available Tonnages

From 10 Tons to 200 Tones and above for various type of application

Technical Specifications for Bale Press Machine

| | |
|-------------------------------|---|
| Body Type | : Four Size Open with Four Pillar |
| Operating System | : Solenoid Valve with Push Button Operated Control Panel |
| Pressure Valve / Plunger Pump | : Yuken / Polyhedron OR Equivalent |
| Electric Motor | : 5 to 15 HP / 1440 pm* (Crompton / ABB / SIEMENS OR Equivalent Make) |
| Cylinder | : Single Cylinder (Optional Dual Cylinder) |
| Oil Seal | : Busak Samban / Bronze Teflon OR Equivalent (Germany) |

Note:

* The mentioned speed is approximate so it will be fluctuating. The rpm speed is Standard Built Motor speed is varying on due to Fluctuating of Electricity Supply because low electric supply slow down the motor speed and it effect slowing overall process. It affect the per hour production speed and speed also depend upon the operators skill feeding skill.

** The specification given is standard platform size; if buyer required modification it will charge extra.

Regd. Office & Works:

4, Panchal Sahakari Udhog Nagar, Dudheshwar Road, Ahmadabad – 380 004, Gujarat (INDIA)
