

# Paper / Corrugated Box Flexographic Printing Machine

Innovation through Advanced Technology

Energy Efficient

Eco-friendly

Cost-efficient

 **N-TEX**

An ISO 9001:2008 Company

# Paper / Corrugated Box Flexographic Printing Machine

## Advantages:

- Easy interface of operation
- Fast drying of ink
- Smooth and noiseless running
- Minimum of wastage
- Almost zero maintenance

## Areas of Application

To Print on Corrugation Paper / Kraft Paper / Corrugated Sheet

Printing Capability	(W) X (L)
Maximum Paper Size	52" X 72"
Printing Size	50" X 70"
Other Available Paper Size	52" X 82" / 62" X 88" OR Customised as per user specific requirements (at Extra Cost)

Machine Specification		
Color	(W) X (L) X (H)	Power ( 3 Phase / 440v / 50 Hz )
1	75" X 120" X 59"	2 HP
2	75" X 177" X 59"	2 HP
3	75" X 233" X 59"	3 HP
4	75" X 289" X 59"	5 HP

(All given dimension are Approx)

## Optional Accessories:

- Control Panel - Electric & Electronics fitting controller
- Digital Actual Sheet counting meter
- Variable speed A.C/D.C drive system
- Anilox roll at each station for better resolution and superior printing
- Brush roll at each station for cleaning of stereo
- Ink circulating system at each station for better viscosity
- Automatic drying arrangement with Instant Drying System
- DDC (don't dirty conveyer) system at each station to avoid printing rejection
- Advance counting system with measuring for operating efficiency

\*Customized press sizes are available.

**Note:** Due to our ongoing commitment to serve you better technology, we reserve the rights for any technical alteration in our machine and motioned specification without any prior notice.
